DISTRESSING

Our distressing technique creates a finish with unique and appealing imperfections, such as dents, worm holes, chisel marks and other natural wear signs.

Available on Solid Raised Panel Door Styles: Anden, Aurora, Bayport, Bradshawe, Crandall, Brittany, Carson, Laureldale, Lynton, Selena, Sterling, Sullivan, and Windham.

Not available to order with Premium White Finishes.

Sullivan without Distressing.

Sullivan with Distressing.

HEIRLOOMING

Add character and depth to select finishes with over sanding on edges and profiles for a naturally worn-to-the-wood appearance that says old world charm. The glazing will enhance areas of wood exposed by over sanding to take on the darker characteristics of the applied glaze for a finish that is warm and perfectly aged. Select trim pieces will feature Heirloom characteristics; see your designer for availability.

Available on all Maple and Oak door styles, except Trystan.

Available on the following finishes: Amaretto Crème, Black, Crimson, Honeysuckle, Moss, Oasis, Portobello, Tidal Mist and Toasted Almond.

LaGrange without Heirloom.
